

## All Sask Judo Clubs

As you are aware Judo Saskatchewan owns a large number of tatami that we use at team trainings and clubs use to hold tournaments. The original decision when the mats were purchased was to collect \$1.00 per competitor from all tournaments to be used to replace the mats on an ongoing basis to ensure we always have an inventory of new mats. The Executive has now determined that it is time to purchase some new mats.

We would like to offer the provincial judo clubs the first opportunity to purchase existing mats at approximately 1/2 of our replacement cost or \$85 per mat. Please be aware that you can apply for a MAP grant to be used for a number of things including but definitely not limited to the purchase of mats for the clubs. If you apply for a MAP grant to purchase mats you do not have to purchase your mats from Judo Sask.

**For Sale** - used judo mats in very good condition

**Price** - \$85 per mat

We request that you make your interest know prior to the Coaches Retreat on Sept 18, 2010. Judo Sask Executive will then determine how many we will sell based on your requests and the mats would then be available to you to pick up following the Saskatoon YMCA tournament on November 6, 2010. Alternate arrangements or pick up dates can be accommodated.

Requests can be forwarded to my attention and I will present them to the Executive.

T.V. Taylor  
President  
Judo Saskatchewan
